Residents Voice Challenge

What does home mean to you? How do you make where you live feel like home?

Home means a place that is loving and full of warmth as well as comfort. Every day, I wake up and do here as I would do if I was in my own home. No, I can not cook my own food or wash my clothes but, I can watch TV, bathe myself, toilet myself, and get from place to place. I can also receive visitors and other necessities. The best part is I do not have to go and get my own necessities of usage, we have a staff member that will do it and make it easier on me when I do not feel like getting up. So, here is home and feels like home because, my privileges to do things have not slim down any but because of this pandemic, I know with all the protocols being followed, I am protected.
