**The National Consumer Voice for Quality Long-Term Care** is a 501(c)(3) nonprofit organization founded as the National Citizen's Coalition for Nursing Home Reform (NCCNHR) in 1975 by Elma Holder. We represent the consumer voice at the national level for quality long-term care, services and supports by:

- Advocating for public policies that support quality care and quality of life responsive to consumers' needs in all long-term care settings;
- Empowering and educating consumers and families with the knowledge and tools they need to advocate for themselves;
- Training and supporting individuals and groups that empower and advocate for consumers of long-term care; and
- Promoting the critical role of direct-care workers and best practices in quality-care delivery.

You can help us help long-term care consumers. The Consumer Voice offers a 12-month membership program, open to anyone interested in supporting and advocating for long-term care consumers. You can join as an individual and/or a group.
