

Hear a Resident's Voice

By Laura Ball

August 8, 2009

Hear a resident's voice
Not always our first choice
Help for all you see
Some are blind or cannot speak

The aides help to play games
Somehow it's not the same
We long for family dear
Unfortunately they can't hear

If we could do what we want
We'd do the thing we sought
Sadness in our hearts by day
We wish they would go away

Happy we try to be
It is not easy you see
Every day we try to go on
By singing a happy song
