

My Stay at the Nursing Home

By Sally Hammonds

Well, I have been out here at the nursing home for 3 years now. I was mad at my family, but now I have gotten used to it. We have been involved in activities. The activity director is Mendi Dunning.

She does a wonderful job. We do play bingo every week and win prizes. Even church people come out here. Bro. Mark Faughn comes out here with Cedar Bluff Baptist Church. Northside Baptist Church comes out here and it is always an honor for them to come. We always have a big crowd.

The best part is that we are all one big happy family. That means a lot to me. Even on Tuesday, we have Herb Estes come out and sing. He sings songs from country to rock. He is really good. Another activity that we did that I loved was I Love Lucy party. We have had a man come out here that can do Elvis. He sings and it is like Elvis is in the room.

Mendi Dunning has started me writing different articles. I really do enjoy writing because what I put down on paper comes from my heart. My family are very proud of me. I might write a book, who knows, it could happen.
