

They say every face
Tells a story and every story
Holds a place in time
The years have come
The years have gone
So many memories
Their hearts still young

She's seen the world change
He has seen the same thing
Into a place (who can) understand
Give them dignity
A helping hand
It could be you and me
Why can't we see

So take my Hand. -----
We can walk away.
Take my hand. -----
To a better day
Take my hand. -----
Into the warm sunshine-----

Together we can. -----
Together we can. -----

Together we can.
Climb every mountain
Walk through every valley
We all need help
We can't make it by ourselves. Chorus
Together we can
Together we can
I need you need me. -----
They say every face

Tells a story and every story
Holds a place in time
The years have come
The years have gone
So many memories
Their hearts still young
