Registration Open for NORC Webinar on Using Technology in Volunteer Management

Register is open for an upcoming webinar from the National Long-Term Care Ombudsman Resource Center (NORC) entitled, Using Technology to Recruit, Train, and Keep Volunteers in the Loop on Wednesday, June 19th at 3:00pm – 4:30pm ET. This webinar is for Ombudsman programs that work with volunteers. Participants will hear successful practices in using technology for recruiting, “on-boarding”, training, and retaining volunteers (e.g., an informative program website, social media, video conferencing, on-demand training, etc.). For example, the webinar will discuss strategies for utilizing social media to tell consumer’s stories and other appealing content, to attract potential volunteers. Whether you are looking for new ways to recruit or retain volunteers, join the webinar to hear how to incorporate technology into many aspects of volunteer management.

ACL Launches ElderJustice.acl.gov

The Administration for Community Living (ACL) has created ElderJustice.acl.gov, an online hub of elder justice resources. The site serves as a gateway to seven ACL resource centers which disseminate information to professionals and the public; collaborate on research; and provide technical assistance and training to professionals, states, and community-based organizations. The organizations include: the National Adult Protective Services Technical Assistance Resource Center (APS TARC); The National Adult Maltreatment Reporting System (NAMRS); The National Center on Elder Abuse (NCEA); The National
New GAO Report on Elder Justice

The U.S. Government Accountability Office (GAO) released a new report entitled *ELDER JUSTICE: Goals and Outcome Measures Would Provide DOJ with Clear Direction and a Means to Assess Its Efforts*. This report adds to GAO’s prior work on the topic of elder justice. Visit their elder abuse key issues page for more information and related reports.

The Nursing Home Arbitration Rule Has Left OMB

The Revision of Requirements for Long-Term Care Facilities: Arbitration Agreements has left OMB and could be released at any time. It will be available first on the public inspection website and then published in the Federal Register. Additional information is available here.

Materials Available from NORC's Five-Part Webinar Series on NORS Training Materials

Complete materials from NORC's five-part webinar series on the revised National Ombudsman Reporting System (NORS) training materials are now available on NORC's website. State Ombudsman programs submit data regarding program activities to the Administration for Community Living (ACL)/Administration on Aging (AoA).
using the codes, definitions, and activities outlined in the instructions for the National Ombudsman Reporting Systems (NORS). The data has been collected since 1996 and this is the first comprehensive revision. The revised NORS data collection is effective October 1, 2019.

NORC has updated the four-part NORS training materials to reflect the updated codes, definitions, and activities and instruct programs on how to record the work they do. States are to continue to use the current approved NORS codes and instructions and training materials to ensure consistent reporting until the updated data collection is effective on October 1, 2019.

The purpose of this webinar series is to introduce the new training materials to help programs prepare for the transition to new codes, definitions, and activities on October 1, 2019. Access PowerPoints and recordings now from all five webinars here.

Ohio State LTC Ombudsman Quoted in Article on Recent List of Under-Performing Nursing Homes

Ohio State Long-Term Care Ombudsman Beverley Laubert was quoted in an article from ABC6 in Ohio about the recent list of under-performing nursing homes released to the public for the first time by the Centers for Medicare and Medicaid Services (CMS). Following an inquiry by US Senators Bob Casey and Pat Toomey, CMS made public the previously unreleased list of hundreds of poorly performing nursing homes. The ABC6 article highlighted the eight facilities in Central Ohio named for “persistent poor care.” “Market forces really are a factor in quality improvement. Consumers need the information to make decisions and if people don’t go to poor-quality facilities, maybe those poor-quality facilities will work a little harder to be better,” Beverley Laubert said in the article.
Spotlight on Resources
