2018 Consumer Voice Annual Conference Group Discount Policy

1. **You must apply to receive a group discount prior to registering anyone in your group.**

   Send the list of individuals you would like to include in your group as well as the name of your group to info@theconsumervoice.org, and we will send you the applicable group discount code to use during registration.
   a. Invoices are available by request.
   b. All individuals in a group must register themselves via our online registration form using the group discount code provided.
   c. The group discount code cannot be applied retroactively to individuals who have already registered. Please wait to register until you have your code.
   d. Any additional individuals added to your group after you receive your group rate code can register using the same discount. We will not issue a new discount code after your initial group rate approval even if your group ends up exceeding your discount bracket.

2. The discount code will apply to the current registration rate at the time individuals in your group complete the registration form.

For example, if an individual in your group registers after the early bird registration date and therefore is charged the regular registration rate, the group discount will apply to the regular registration rate.

3. Group discounts apply to full conference attendees only.

Group discounts cannot be applied to one-day registrations.

4. Limit of one discount per person.

Each attendee is permitted to use one discount code. Discount codes cannot be combined. (The Consumer Voice member rate and group discount may be combined.)

5. Group discounts are not available for trade or professional organizations.

Membership in such an association does not constitute a "group" entitled to a discount for the Consumer Voice conference.

Group Discount Rates:

Group of 5 - 9 individuals - $20 discount per person

Group of 10 or more individuals - $45 discount per person
