

## States' Public Release of Information Regarding Covid-19 Outbreaks in Nursing Homes and Assisted Living Facilities

The information below details what information states are releasing to the public regarding the presence of Covid-19 in nursing homes and assisted living facilities. It reveals that the quantity and quality of information varies greatly by state. It is important to note that this information is changing all the time, and as federal and state regulators increase reporting requirements, we expect the instances of public disclosure to increase. We will do our best to keep the list up to date. The links provided are to the most recent data as of 4/24/2020.
